

CUT & PASTE ANSWERS FOR ROCK CYCLE WORKSHEET #2

WDCC

**SEDIMENTARY
ROCKS**

**IGNEOUS
ROCKS**

**METAMORPHIC
ROCKS**

weathering, erosion, deposition,
cementation, compaction

thick layers, loosely
compacted, distinct
particles, dull

EXTRUSIVE:
cools very fast - glassy with holes
cools fast - no crystals - glassy
cools slow - small crystals.

melting & cooling

INTRUSIVE:
cools slow - small crystals
cools very slow - large crystals.

thin layers, tightly compacted,
blurred particles, shiny

heat & pressure

weathering, erosion, deposition,
cementation, compaction

weathering, erosion, deposition,
cementation, compaction

melting & cooling

melting & cooling

melting & cooling

heat & pressure

heat & pressure

heat & pressure
